

DRIP LINE HOSE REEL

COMBINING TECHNOLOGY AND TRADITION SINCE 1976

Double the Performance!

The most efficient method of irrigation is “Drip Irrigation,” and uses up to 70% less water compared to other common watering methods. Drip irrigation systems can help save water, increase fertilizer efficiency and grow healthier crops.

GK Machine’s Drip Line Hose Reel is designed to double productivity when installing or removing drip line irrigation in and out of fields. Two reels help easily un-wind and install drip lines for a variety of crops and at end of season, and will help remove drip lines fast and efficiently.

One piece of equipment easily un-rolls and roll-ups irrigation drip system:

- 3-point mounted and side facing for easy moving in/out of fields
- Wound hose adjust range from 11.5” to 22” and 11.5” to 18” width
- Adjustable brake for high speed unwind combined with free spin on hydraulic valve
- Made from heavy duty steel material and powder coated for field durability

Ideal for a variety of crops!

GK’s Drip Line Hose Reel can be used in a variety of field crops applications:

- Orchards
- Nursery stock
- Row crops
- Hop yards
- Vegetables
- Vineyards

DRIP LINE HOSE REEL

COMBINING TECHNOLOGY AND TRADITION SINCE 1976

GK Machine Manufactures a Variety Ag Equipment:

Since 1976, GK Machine has been designing, building and selling agricultural equipment for a variety of growers, farmers and producers:

- Cultivators
- Pruning Tower
- Nut Bin
- Harvesting Aides
- Nut Cart
- Nut Harvesters
- Irrigation Reels
- Spreaders
- Trailers (field, drop & nursery)
- Land Scraper
- Tree Digger
- Manifolds
- Fuel Tanks
- Sanitation (toilet trailers)
- Sanitation (wash station)
- Hoop Carrier
- Sprayers
- Nut Sweeper
- Greenhouses
- Orchard Leveler
- Pot-n-Pot Planter
- Custom Equipment

GK Machine's Manufacturing Capabilities are Outstanding!

- CNC Machining
- Laser & Plasma Cutting
- Forming & Fabrication
- Paint & Powder Coat
- Mechanical & Electrical Assembly
- Greenhouses & Supplies
- Full Service Repair (on-site or in-field)
- Parts and Service Counter
