

GK DELUXE COMFORT STATIONS

COMBINING TECHNOLOGY AND TRADITION SINCE 1976

Single or Double Toilet Trailers

Agriculture and construction businesses require adequate restroom facilities. GK Comfort Stations offer the perfect mobile restroom solution for those industries looking for clean, efficient, cost-saving solutions to their remote restroom facility needs.

Updated with additional features, your entire agriculture or construction crew will appreciate the durability, spacious interior and ease of maintenance.

New Features:

- New side door entrance with step
- Shorter tongue length for easy maneuvering
- New outside latch for locking during non-use
- New stainless steel soap and towel dispensers
- New LED rear recessed trailer tail-lights

Standard Features:

- 43 gallon stainless steel freshwater tank
- 24" stainless steel sink
- RV style dump valve for flushing
- Choose from Pin, Ball or Pintle-eye hitch

All GK Comfort Stations meet OSHA sanitation requirements. Eye-wash stations and emergency showers can be added to help ensure safe working conditions for all your off-site workers.

Hand wash station, trash receptacle, and soap dispenser help promote a hygienic environment and provide employees with the supplies required to get the job done right.
